The Tract Society of the Methodist Episopal Church is not connected, nor ever has cen, with the American Tract Society. This has been so repeatedly published, that we sailor of should not have deemed it necessary to repeat copper b it at this time, had not the question been recently asked. But while each society acts upon its own responsibility, we nope there may be no other strife between them than to see which can do the most good. The field is large, and therefore there is room enough for all to nother in and work. for all to enter in and work.

We understand from an official source, that the consecration of the Rev. Dr. Onderdonk, Bishop elect of the Diocess of N. They were dissatisfied with the excess of discipline, upon hir were dissatisfied with the excess of discipline, upon hir the retrenchment of their hours of relaxation, co-executhe retrenchment of their hours of relaxation, and the remarks of their French teachers on the ignorance of the Canadians. They accordingly rose in rebellion, in close imitation of the revolution of Paris; hoisting the-tricolour, singing a parody of the Marseilles hymn, and holding out against the instructors for three days; during which time the effigy of one of the masters was suspended in front of the college, and placards were posted in every direction, encouraging the students to persist. It seems they were successful in obtaining a new Charter, and the points they contended for were conceded. A few were expelled, however. however.
